MEMORANDUM FOR: Deputy Director (Administration)

SUBJECT : Report on Social Science Research by PSB

1. The attached Top Secret report was forwarded to the undersigned by your office for redrafting the portion relating to the amounts of funds included in the report.

2. Upon contacting Mr. Becker, DD/I, it was learned that it was his desire that the total amount [REDACTED] should not be set forth in the report and that the only amounts that should be mentioned were those of the other contributing agencies. In order to do this it would be necessary to rewrite a considerable portion of the report. Arrangements were made by Mr. Becker for me to discuss the matter with [REDACTED] PSB. They were informed of the desires of this Agency to include only the amounts of the other contributing agencies but were very adamant in their stand that the amounts in the report should remain. Since we could not come to an agreement on the amounts to be included, arrangements were made for them to discuss the matter with Mr. Becker, who informed them that the only acceptable manner to CIA would be the elimination of the amount used by this Agency for research purposes. The report is to be rewritten on this basis, thereby reducing the total amount to the amount used by other agencies.
